Re: Tingelo Enterprises (PTY) LTD

Tingelo Enterprises are currently servicing and repairing all of our vehicles tail-lifts and we are more than satisfied with the standard of work we are receiving from them.

The field staff are polite, understanding and knowledgeable in their field of work and always willing to go the extra mile in helping to complete a job efficiently and effectively.

I would most definitely recommend Tingelo Enterprises (Pty)LTD to other companies looking for the same standard of workmanship and service in the Transport Industry.

Yours Faithfully.
